Motivated Software Developer with **2+ years** of experience in Shopify and full-stack development. Skilled in Node.js, React.js, PHP, and Shopify APIs — building custom apps, automation systems, and scalable web solutions. Currently leading a team at Nivara Commerce LLP.

PROFESSIONAL EXPERIENCE

Nivara Commerce LLP

Nov 2025 – Present

Senior Web Developer & Team Lead

- Leading & mentoring a team of 2–3 junior developers — task allocation, code reviews, and on-time delivery.
- Architecting Shopify apps (AI Chatbot, ShopBoost 360, Store Migration) using NodeJS, ReactJS, and Shopify APIs.
- Managing metafield operations, data export/import pipelines, and store automation across multiple client accounts.
- Built AI, Hybrid, and Human dashboard flows for intelligent customer support chatbot.

EKROCX Technologies

Apr 2024 – Oct 2025

Software Developer

- Built and optimized websites and web apps using Shopify, WordPress, ReactJS, and NodeJS.
- Customized Shopify themes; developed Contact Form App & Bundle App using NodeJS and ReactJS.
- Delivered 4+ live Shopify stores: 54thrones.com, thefocusfuel.com, totelpet.com, Gigli.com.

CDAC Mohali

Training – 3 Months

Web Development Trainee

- Hands-on training in HTML, CSS, JavaScript, PHP, and Laravel with practical web project builds.

KEY PROJECTS

ShopBoost 360 – Shopify App

App Demo

NodeJS · ReactJS · Shopify API · Polaris UI · App Bridge

All-in-one merchant app — **Product Bundles** (assign multiple products to a main product, full CRUD + storefront display), **Compare Products** (side-by-side comparison widget), and **Recently Viewed** (browsing history tracker to boost conversions).

Duplicate Store App

Details

Python · Shopify Admin API · NodeJS · CSV · ESF · Google Sheets API

Export products, orders, or full store data as a ZIP archive into any Shopify store. Auto-syncs via Google Sheets API every 24 hours.

Shopify AI Chatbot App

Demo

NodeJS · ReactJS · OpenAI API · Shopify API

AI-powered chatbot with AI dashboard (auto-answers queries), Hybrid dashboard, and Human dashboard (full agent takeover).

Shopify Contact Form App

NodeJS · ReactJS · MySQL · Nodemailer

Customer form submissions stored in DB and auto-emailed to store owner. Deployed on multiple live stores.

Product Data Sync Automation

NodeJS · Shopify Admin API · Cron Jobs

API-based scheduler auto-fetches and syncs product data into a Shopify store every 2 days — zero manual intervention.

LIVE STORES:

54thrones.com

thefocusfuel.com

totelpet.com

Gigli.com
